**From:** Denis Pleau, Chief

**RE: Tender 19-21 – SUPPLY, DELIVERY AND SERVICE OF MSA SELF CONTAINED BREATHING APPARATUS**

Good day:

A tender request was initiated for the Supply, Delivery and Service of MSA Self Contained Breathing Apparatus (SCBA) for Riverview Fire and Rescue.

We received only two submissions for this tender.

Company	Cost of Tender (no HST)	HST	Total Cost
Aero-Feu	\$280,116.00	\$42,017.40	\$322,133.40
Cummings Fire and Safety	\$322,282.00	\$48,342.30	\$370,624.30

I recommend that we grant this tender contract to Aero-Feu for the amount of \$322,133.40 (HST included).

We will still need to purchase a "Fit-Test" machine and required attachments. We do not anticipate the cost of these additional items to exceed \$20,000.

The total cost for the SCBA tender, Fit Test Machine and required attachments will be approximately \$345,000.00, which is below the allotted budget for this entire project of \$390,000.00
