PATROL – General Duty (GD)

These are the members which you will see the most on a daily basis. Members of Codiac RCMP who patrol the Codiac region 24-hours a day. Daily calls for service range from 100 to 200 per day. Calls for service to patrol include lower level items such as requests for patrols on busy streets and schools and minor thefts to higher level severity crimes including domestic violence, robberies and homicides. Regardless the type of call for service, the first members who will respond will typically always be a patrol member.

Approximately 40,000 calls for service per year.

FURTHER INVESTIGATION TEAM (FIT)

Uniformed members who support Patrol and are a link to other investigative units at Codiac. Files which require more of a follow-up while normally go to FIT. Examples of this includes frauds, where some form of judicial authorization is required. Other files assigned to FIT included sexual assaults, domestic violence and missing person files. FIT also is tasked with daily in-custody prisoners and court.

CALL BACK UNIT (CBU) / FRONT DESK

Members assigned to the Call Back Unit and Front Desk are often the first point of contact for the public that comes to our front counter at the detachment.

Calls for service which are deemed as not requiring an immediate police presence or patrol will typically be sent to CBU. An example of this is a theft of an item from a backyard, where there is no evidence on scene, no video, no suspect or vehicle information. If files need to be investigated further, they will be assigned to patrol. CBU manages thousands of calls per year. CBU and Front Desk staff are also responsible for conducting countless Sex Offender Registry checks and interviews.
