# Driving Surgery Forward

Presentation  
Town of Riverview  
March 13, 2023

# The Dumont at a glance

---

- **The Dr. Georges-L.-Dumont University Hospital Centre (“the Dumont”) is the only accredited University Hospital Center in New Brunswick.**
- **As a teaching and research hospital, it trains tomorrow’s medical professionals and stays abreast of the latest techniques and technologies.**
- **The Dumont is a provincial referral center offering highly specialized services.**
- **Over 2,250 medical professionals and support staff work at the Dumont.**

# Driving surgery forward

---

- The Dr. Daniel-de-Yturralde Pavilion (surgical suite) opened in 2021.
- New state-of-the-art equipment will benefit patients, students and surgeons.
- Two projects
  - DaVinci surgical robot;
  - Nine smart digital operating rooms.

# DaVinci surgical robot

- **70% of Canadian University Hospitals have a surgical robot.**
- **Will ease the recruitment and retention of new surgeons who, today, are trained in the use of the robot.**
- **Will allow our medical students to train on tomorrow's technologies.**

# Impact for patients

**Minimally invasive surgeries.**

**Less pain and blood loss.**

**Minimal scarring.**

**Recovery in 2-3 weeks versus 6-8 weeks.**

# Smart digital operating rooms

**“Surgeons will be able to consult and exchange with other specialists in real time during an operation, rather than having to leave the operating room”**

**Dr Luc Cormier**

Cardiologist and Chair of the Council of Physicians and Dentists of the Dumont University Hospital .
