# Town of Riverview's Goals

## **PARKS & REC.**

The culture of active living that defines life in our Town is encouraged by a commitment to quality parks and recreation facilities. Riverview is a special kind of community, where everyone— young and old, of all abilities—can easily get outside and be active.

Riverview continues to be the community of choice for people who value an active, healthy, sustainable lifestyle.

## **SUSTAINABILITY**

A sense of community often stems from common attitudes and shared goals. As residents of Riverview, we all have one thing in common—a desire for a Town that's beautiful, sustainable, rewarding, and full of opportunity.

## What is Disc Golf?

Disc Golf is the same as traditional golf except the players attempt to throw a plastic disc into a target basket

# The Growth of Disc Golf

There are over 25,000 Disc Golf courses around the world

80 countries now have disc golf courses

5.3 Disc Golf courses built each day.

90% of disc golf courses are free to play

# Request for Support

To whom it may concern.

Since 2003 I have been involved in the game of disc golf as a player, a promoter, and a builder. I have been extremely fortunate to work on great projects with even better people.

During that time, I have built 45 courses that range from small community lead projects to large scale private courses. No project better exemplifies what success looks like more than the Claude D Taylor course.

The group behind this course should be used as a model for what healthy community buy-in looks like. Their commitment to making free public infrastructure that is beautiful and healthy for all members of society should be celebrated. The ongoing use of their course by all types of people, young and old, 12 months a year is what every public project should be trying to achieve. They have helped cultivate an outdoor space that shows a healthy forest and a robust community.

This course is a gem in the Canadian disc golf world and something that every single person in the area should be proud of. I hope that the town understands the importance of this course and continues to support it with the resources that are necessary for its ongoing success.

I thank you very much for your time.
