

March 24, 2024

Dear Town Council:

I live at 916 Cleveland Avenue. I strongly oppose the plan to redesignate and rezone PID 05005665 (Old Public Works site) to a Commercial/Commercial Mix for the purpose of building three six-storey multi-unit residential buildings.

*There are already eight multi-unit residential buildings along the corner of Whitepine and Cleveland. I cannot imagine having three more much larger buildings in my backyard. They do not belong that near to single unit homes.*

At present, I do not believe that we have the infrastructure in place for that many new residents, that is, schools, healthcare and senior care, just to name a few.

I love the town of Riverview and chose to live here because of its small community character. Please do not rezone in order to build these huge six-storey multi-unit buildings.

Thank you for hearing my concerns.

Sincerely,

A handwritten signature in blue ink that reads "Susan L. Mean". The signature is written in a cursive style.
