Subject: Objection of rezoning from R1 - Single Dwelling to RM – Residential Mix

I have been a resident of Riverview for over 20 years. I have raised my kids here and pay my taxes. I strongly object to the rezoning from R1 - Single Dwelling to RM – Residential Mix being discussed in the Dec 9th, 2024 town meeting.

The purpose of the proposed amendments (300-7-18 Stonehouse & Danbury) is to rezone a portion of the property bearing PID 05117688 from R1 – Single Dwelling to RM – Residential Mix in order to permit the construction of 72 semi-detached dwellings.

I object to letting you ruin our property values and neighborhoods to squeeze in some apartments which will be low rental crack dens in 10 year's time or less.
