Minister R. Gauvin
Minister of Public Safety
PO Box 6000
Fredericton, NB
E3B 5H1

Re: Noisy Vehicles

Dear Minister Gauvin,

I am writing today on behalf of the Town of Riverview to request that your department and the Government of New Brunswick bring changes to the Motor Vehicle Act , under Section 235(1) to include specific decibel levels for vehicle noise and a court-approved instrument to measure such levels.

It is my understanding that your department is currently reviewing this matter and I am encouraged that you will join other provinces that have already implemented clearer, enforceable standards and measurement tools that will allow policing authorities to effectively mitigate these issues.

Sincerely,

Mayor Andrew LeBlanc
Town of Riverview
