

**Date:** 02 June 2017

**To:** Town Council

**FROM:** Denis Pleau, Chief

**RE:** Supply of One Propane Emergency Generator for the Riverview Fire & Rescue Station Tender# 17-27

Good day:

We have received the results for the Tender for "The Supply of One Propane Emergency Generator for the Riverview Fire and Rescue Station Tender# 17-27".

Four companies formally replied to the tender:

1. Source Atlantic – \$55,303.50 (HST Included)
2. Blakney Electric - \$60,000 (HST Included)
3. J&D Electric - \$41,621.95 (HST Included) – Tender Submission does not provide for the complete job required in the Tender. – Submission rejected
4. T&T Power Group – Incomplete Tender Submission – Submission rejected

Only two companies completed the entire tender package and agree to complete the full extent of work identified in the tender. The lowest bid of these two tenders is Source Atlantic for \$55,303.50 (HST Included).

Council had approved \$70,000 for this project. The purchase and installation will be only one portion of this project. The remainder of the cost will be to repair the large holes left in the fire station walls from the old generator louvre system, safety bollards for the generator and propane tank, generator pad, etc... This project will be under budget.

I recommend that we accept the tender submission from Source Atlantic for \$55,303.50 (HST Included).
