TOWN OF RIVERVIEW

<u>TO WHOM IT MAY CONCERN</u>:

Good Afternoon,

My name is Sally Forster. I am a REALTOR® with Century 21 Absolute Realty Inc., Moncton and together with my partner Terry Odishaw, we work out of a site office in THE FAIRWAYS subdivision in Riverview. We represent Clayton Developments Limited, the developer for that area, and also represent one of the preferred builders, Wesco Construction Ltd.

We would like to help our clients introduce this exciting new area to the rest of Greater Moncton by hosting a Family-type event - ie inflatable play structures and BBQ so families can see what this wonderful, growing neighbourhood has to offer thereby drawing more people to Riverview!

We are looking at hosting this event on July 15th. The theme would be upsizing for families and downsizing for grandparents; "Come and take a look at what The Fairways in Riverview has to offer!"

We are requesting a Court closure on Summerdale Court in The Fairways from 9:00 am to 5:00 pm on Saturday, July 15th. Summerdale Court is a brand new court in this subdivision and no one is currently living there; construction is just getting started now and would be a good location for such an event as it is tucked in off the main Pinewood. A closure on this court would not affect traffic in any way.

We would be most appreciative if the Town of Riverview could help us make this a great family day by providing the space needed to set up the Airheads inflatable play structures and a BBQ area. We have the full support of Clayton Developments and Wesco Construction, who will both be instrumental in the set-up, tear-down and/or promotion of this event.

Overall, the co-operation of Businesses and the Town working together to grow this area, is in itself a wonderful endorsement of life in Riverview.

Please let me know if I can answer any questions you may have. I look forward to your response.

Sincerely,

Sally Forster
